UE56 SLIM LINEAR FIREPLACE WITH WESTERN TIMBER LOG SET

UE68 SLIM LINEAR FIREPLACE WITH WESTERN TIMBER LOG SET

EASY TO INSTALL. HARD TO IGNORE.

Uptown Luxury Electric Fireplaces have been recognized within the hearth industry for our outstanding build quality and beautiful aesthetic details. Our two newest fireplaces are even easier to install with their astonishingly thin 6" unit depth. This shallow profile allows these fireplaces to be installed in rooms with narrow wall clearances while still maintaining the impressive visual appeal.

Enhance your Uptown slim linear fireplace further with the exclusive Western Timber Log Set. Each set is individually handcrafted by our team of in-house artisans using real Douglas Fir logs sustainably harvested from the pacific northwest.
